Eberhard & Co. rewards winners at "Raid dell'Etna"

The 18th edition of the Raid dell'Etna – which drew in eighty vintage cars from six different countries – came to an end after taking the drivers and their vintage cars on an enchanting drive through some of the most scenic landscapes in Sicily. The real stars of the event were undoubtedly the venerable old models (predating 1969), who showed off their paces with the best of them. Special tributes were also paid to the classic and modern Porsches who made it to the rally. **Eberhard & Co.**, who has been one of the major players on the old-timers' scene for more than twenty years, was the Official Timekeeper for the fifty trials and awarded the winners with its most sought-after trophies: the "Trofeo Eberhard & Co." and the "the Eberhard & Co. Ladies' Cup".
